Agencies would be given two years to develop their Outcomes Based Evaluation System before their first report is due. Agencies that can be “fast tracked” will be given one year. (Fast Track will be agencies that have performed outcomes based evaluations before and will require little assistance developing their system).

Agencies will be provided with technical assistance in the following areas:

- A. Tool Development (for tracking outcome indicators)
- B. Data Collection System (will be given a spreadsheet system)
- C. Training in Data Collection and How to Write the Annual Report
